

SQL Inventory Manager Home

Discover, track, and manage your SQL Server inventory using IDERA SQL Inventory Manager

- View your SQL Server inventory - know what you have where & who owns it
- Auto-discover any new servers installed, to better manage server sprawl
- Get alerts when a server goes down, or space is running low
- Set tags to better organize servers and databases across the enterprise
- Quickly deploy and access from anywhere via web-based and agentless UI

IDERA [SQL Inventory Manager](#) lets you discover and visualize your SQL Server environment. [Learn more >>](#)
