## Log in to the IDERA Dashboard

Once you have installed and configured your IDERA Dashboard, you can log in to the web console by doing the following:

- 1. Open your selected Browser. Make sure it is compatible with the IDERA Dashboard browser requirements.
- 2. Type the IDERA Dashboard product URL: https://<machinename>:<port> where <machinename> is the name of your host or machine, and <p
- ort> is the port specified during installation. The default URL is https://<localhost>:9291 or https://<machinename>:9291.
- 3. When the IDERA Dashboard web console launches on your browser, use your Windows user account <domain\user> with the respective password to log in to the product.

## Internet Explorer Compatibility Mode

Internet Explorer 11 displays any local connection in compatibility mode by default. It displays the IDERA Dashboard also in this mode.

Follow the next steps to change this:

1.	Go to the browser settings.	
	C 🕞 💿 https://localitost/1091/login 🖉 - 🔕 Certificate error 🕫 🚯 Ideas Dashboard 🗴	
	Outdated Internet Explorer Detected Your browser will not be able to render the Idera Dashboard correctly. Internet Explorer 3 and below: Idera Dashboard requires at least Internet Explorer 9 to run property. We strongly recommend upgrading your browser before contin Internet Explorer 3 and 10; Your browser is in Compatibility Mode, To turn it off for this session, press the F12 key and change the browser mode. To disable this bet Internet Explorer 3 and 10; Your browser is in Compatibility Mode. Please go to Tools Compatibility Settings and unclick the option to run Intranet applications I refresh the page.	uing to use the product. avior permanently, go to Tools 1 Compatibility Mode, then
