

# Explore Activity - Instance View

The Explore Activity Instance view displays the status of audit activity for a particular SQL Server instance in your environment. Use the statistics and graphs from the Summary tab to identify server-level issues, or to configure your desired server-level settings. Use the Event Alerts and Data Alerts tabs to drill on your on specific details of your previously generated Event and Data Alerts. In addition, you can also visit the Audit Events tab to analyze the collected database events, or the Archived Events tab to view your archived databases.

The screenshot shows the IDERA SQL Compliance Manager application window. The title bar reads "IDERA SQL Compliance Manager". The menu bar includes "File", "Edit", "View", "Auditing", "Alerting", "Agent", "Tools", and "Help". Below the menu bar is a toolbar with "New", "Launch Web Console", and other icons. The left sidebar is titled "Explore Activity" and contains a tree view of "Audited SQL Servers". The tree view shows a hierarchy: "DATABASE-" (expanded) with sub-items "master", "RDSTest", "tempdb", "test", and "NASH-". Under "NASH-" are "ReportServer", "ReportServerTempDB", "SQLcompliance", "SQLcompliance\_WIN-", "SQLcomplianceProcessing", "tempdb", and "TESTING". The main content area is titled "WIN-N2" and has tabs for "Summary", "Event Alerts", "Data Alerts", "Audit Events", and "Archived Events". The "Summary" tab is active. It contains a "Server Status" section with a green checkmark and "OK" status. Below this are statistics: "Last Heartbeat" (3/11/2019 5:27 PM), "Last Archived" (Never), "Processed Events" (0), and "Recent Alerts" (0). The "Audit Configuration" section lists: "Server - Failed Logins", "Privileged Users - None", "Trusted Users - None", "Databases - 12 of 12", and "Event Filters (2) - Category, Database, Login Name, Session Login". To the right of the "Server Status" is a "Server Activity Report Card" section. It has a sub-tab "Event Alerts" and a text box stating "Event Alert Activity currently has no [threshold](#) enabled." Below this is a graph showing "Event Alert Activity" over time. The x-axis has labels for 3/10 06:00 PM, 3/11 12:00 AM, 3/11 06:00 AM, and 3/11 12:00 PM. The graph shows a flat line at 0 events. Below the graph is a "Recent Audit Events" table with columns "Category", "Event", "Time", and "Details". The table is empty, with a message "No audit events within the selected span." at the bottom.
