

Daily Audit Activity Statistics Report

The Daily Audit Activity Statistics Report lists the amount of activity that occurred on the SQL Server instance or designated database, on an hourly basis, for the dates specified. Use this report to audit overall activity levels on your SQL Server instances and databases.

The screenshot displays the IDERA SQL Compliance Manager interface. On the left, a sidebar titled 'Audit Reports' lists various report categories: Alerts / History, Explore Activity, Audit Reports, and Administration. The 'Alerts / History' category is expanded, showing a list of reports including Agent History, Alert Activity - Data, Alert Activity - Events, Alert Activity - Status, Application Activity, Application Activity Statistics, Audit Control Changes, Backup and DBCC Activity, Change History (by object), Change History (by user), Daily Audit Activity Statistics (highlighted with a green border), Database Schema Change History, DML Activity (Before-After), Host Activity, Integrity Check, Login Creation History, Login Deletion History, Object Activity, Permission Denied Activity, Sensitive Column Activity, Server Activity Report Card, Server Login Activity Summary, Table-Data Access by Rowcount, and User Activity History. The main pane, titled 'Alerts / History', displays a grid of report cards. Each card includes an icon, a title, and a brief description. The 'Daily Audit Activity Statistics' card is highlighted with a green border. Below the grid, there is a section for 'Reporting Services' with options for 'Deploy Reports' and 'View Deployed Reports'.

A filter can include a list of wildcards, separated by commas, where a wildcard is a string, which may contain asterisks. The following parameters are specific to the selected report and enable you to filter the data to include in the report.

Available actions

Server Instance

Allows you to select a registered instance on which you want to report. Select **ALL** to report on all instances.

Databases

Allows you to select or type the name of one or more databases on which you want to report.

Start Date

Allows you to select the start date for the range from which you want to report.

End Date

Allows you to select the end date for the range from which you want to report.

Start Time - Hour

Allows you to select the exact starting hour of the day for the range from which you want to report.

Start Time - Min

Allows you to select the exact starting minute of the day for the range from which you want to report.

Start Time - AM/PM

Select between AM or PM from the drop down list to configure the Start Time for Each Day range from which you want to report.

End Time - Hour

Allows you to select the exact ending hour of the day for the range from which you want to report.

End Time - Min

Allows you to select the exact ending minute of the day for the range from which you want to report.

End Time - AM/PM

Select between AM or PM from the drop down list to configure the End Time for Each Day range from which you want to report.

Run Report

Click this button to Run the report.
