# Edit Event Filter wizard - Finish Event Filter tab

Use the filter details pane to review your changes, and then click **Finish**. When you finish this wizard, IDERA SQL Compliance Manager applies your changes.

Available actions

Specify filter name

Allows you to name your event filter. Consider using a unique name that reflects the purpose of the rule.

Specify filter description

Allows you to provide a description for this event filter. Consider including detailed information that can help you diagnose issues later.

Enable filter now

Indicates that you want SQL Compliance Manager to begin filtering events using this rule criteria immediately after you finish creating the rule. By default, all alert rules are enabled upon creation.

Review filter details

Allows you to change your specified event filter rule criteria before applying your edits. To edit previously set criteria, click the corresponding setting.
