Product requirements

The IDERA Dashboard and IDERA SQL Compliance Manager consist of a light, unobtrusive architecture that easily runs in your SQL Server environment with minimal configuration.

Prior to the installation of the products, it is important for you to review the system requirements for SQL Compliance Manager and the IDERA Dashboard.

- Learn about the IDERA Dashboard requirements.
- Learn about the SQL Compliance Manager requirements:
    - Hardware requirements
    - Permissions requirements
    - Port requirements
    - Software requirements

SQL Compliance Manager monitor, audit and alert on SQL user activity and data changes.
