Known issues

IDERA strives to ensure our products provide quality solutions for your SQL Server needs. *If you need further assistance with any issue,* please contact IDERA Product Support.

4.4 Known issues

- When the server is moved from one policy to another, the **Schedule** settings are not updated to the new policy schedule. This issue can be solved by manually editing the server or policy schedule.
- SQL Secure 4.4 is unable to take snapshots from Azure Databases instances.
