Managing products in the IDERA Dashboard

The **IDERA Dashboard** hosts IDERA products that are registered with the dashboard. The **Products** section of the **Administration** tab allows users to view and manage registered products.

> ⊘ SQL Safe currently does not support Product registration through the Dashboard.

Editing a product

To edit a product, follow these steps:

1. Click the product from the list of available products.
2. In the **Edit Product** window, you can change the location and the connection credentials.
3. Click **Save** to keep changes.
4. To migrate the product to a different IDERA Dashboard, click **Migrate product**. In the new window, specify the host computer, port, and the administrator credentials to access the new location.

Removing a product

To remove a product, follow these steps:

1. Click the product from the list of available products.
2. Select **Delete** from the product details view
3. A warning that requires a confirmation whether you want to unregister the selected IDERA product displays.
