# My environment

On the right side of the dashboard, SQL BI Manager provides a summary overview of the status and contents of your SQL BI environment that includes:

- **Instances Status** - The number of BI Service Instances that are up, down or critical.
- **BI Services** - The number of BI Services (SSAS, SSRS, or SSIS), currently monitored in your SQL BI environment.
- **Disabled BI Services** - The number of BI Services (SSAS, SSRS, or SSIS), that are disabled from monitoring.
- **Side-By-Side Server Performance** - Upon selecting this option, information about the combined resource utilization on servers hosting BI services displays. For additional information, see Side-By Side Server Performance widget.
- **Available Licenses** - Access this option to view your current license, add, or buy another one. For more information, refer to Managing licenses.

SQL Business Intelligence Manager identifies issues within the SQL BI environment to help optimize BI service performance. Learn more >>
