

Sending notifications in the IDERA Dashboard

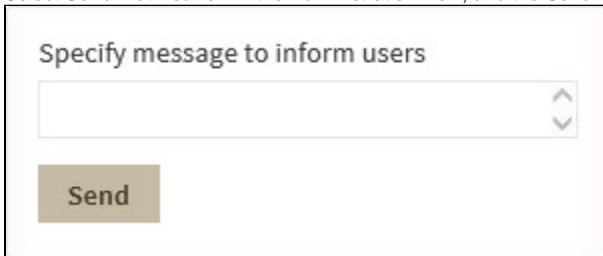

The Send Notification to All Users widget of the Administration view allows users to send a product upgrade warning message to all users.

The screenshot shows the IDERA Dashboard with the 'ADMINISTRATION' tab selected. The 'Send Notification to All Users' link is highlighted with a red box. The dashboard includes a header with the IDERA logo, a navigation bar with tabs (OVERVIEW, DETAILS VIEW, ALERTS, ADMINISTRATION), and a user profile section (simpsons\administrator, Administration, Help). The main content area is divided into two columns. The left column contains sections for Users, Instances, Products, and Tags, each with a brief description and a 'Manage' link. The right column contains sections for Configure Navigation Order, Configure Dashboard Views, Send Notification to All Users (highlighted), and Licensing. The 'Send Notification to All Users' section includes a description and a 'Send Notification' link.

To send a notification:

1. Select **Send Notification** in the Administration view, and the Send Notification to All Users window displays:

The dialog box titled 'Specify message to inform users' contains a text input field with a vertical scrollbar and a 'Send' button.

2. Type your warning message and click **Send**.
3. A preview of your warning displays. If you want to proceed, click **OK**.
