## **Upgrade your license**

You may need to upgrade your license due to any number of circumstances. For example, consider the following scenarios:

- You exhaust your trial license and have decided to use SQL Compliance Manager to audit and report on database activity
- · You exhaust your purchased license due to company growth or the need to audit additional SQL Server instances to remain in compliance

## To upgrade your license:

- 1. Click File on the menu bar, and then select Manage Licenses.
- On the Manage Licenses window, click Add and enter your new license key.
  Click OK.

SQL Compliance Manager audits all activity on your server. Learn more > >
