

Managing users in the Idera Dashboard

The Users widget of the Administration view, allows users to grant access to other team members or groups, and manage their roles. Users with administrative privileges are divided in:

- **Dashboard administrators** - capability to manage access over Dashboard functions as well as individual products' functions.
- **Product administrators** - capability to grant access to individual products for which they have administrative rights.

To add new users, edit their details (name, subscription, or email address), or remove them, select **Manage Users** in the Administration view, and the Manage Users window displays:

Adding a user in the Idera Dashboard

In the Idera Dashboard access is granted to Windows users or groups. To add users follow these steps:

1. Click the **Add User / Group** option and the Add User/Group dialog displays.
[blocked URL](#)
2. Type the name of the user you want to grant access to. You should enter a Windows user name in the following format: **<domain\user>**.
3. Select User or Group in the Account Details field.
4. Check the **Do not timeout the browser session for this account** check box to stay logged in.
5. Check the **Send welcome email** check box to provide new user with information about the product and URL for the Idera Dashboard console.
6. Type the email address where you want the user to receive alert emails.
7. In the **Product** field you can select to add user to the Idera Dashboard or SQLdm.
8. If you select the first option (Idera Dashboard), in the **Role** field you can assign user the Dashboard Administrator or Dashboard guest roles.
9. If you select the second option (SQLdm), in the **Role** field you can assign user the Product Administrator, Product user or Product guest roles.
10. Click **SAVE**.

Editing a user in the Idera Dashboard

This option allows you to edit the account name, change the email address where user receive alerts, disable his/her account, and add new permissions. To edit a user or group follow these steps:

1. Select one user from the list of users, click the **Edit** icon and the Edit User/Group dialog displays:
