

## Deploy Reports wizard - Summary tab

Review the provided summary, and then click **Finish**. When you finish the Deploy Reports wizard, IDERA SQL Compliance Manager installs the corresponding RDL files in the specified virtual directory on your Report Server.

*If you want to change a setting now*, click **Back** to return to the appropriate window. You can also change your deployment settings later through the Report Manager interface installed with Microsoft Reporting Services.

**SQL Compliance Manager** audits all activity on your server. [Learn more > >](#)
