

# Edit your SQLdm registration with the Idera Dashboard

The Idera Dashboard Register wizard allows you to modify your SQLdm registration with the Idera Dashboard.

## Access the Idera Dashboard Register wizard

You can access the Idera Dashboard Register wizard by running the IderaDashboardRegister.exe file in your root SQLdm directory.

### To use the SQLdm Management Service Configuration wizard:

1. Run IderaDashboardRegister.exe in your root SQLdm directory.
2. Enter your SQLdm Repository and Authentication credentials to retrieve your Idera Dashboard registration information.

The screenshot shows the 'Idera Dashboard - SQLdm Registration' window. The title bar is blue with the Idera logo. The main area has a red background with a gear icon and the Idera logo. The window is titled 'SQL diagnostic manager Repository Credentials'. Below the title, it says 'Enter your SQL diagnostic manager repository credentials to retrieve your Idera Dashboard information.' There are three dropdown menus: 'SQLdm Repository' (set to 'cr-2k8r2'), 'Database' (set to 'SQLdmRepository'), and 'Authentication' (set to 'Windows Authentication'). Below these are two text boxes for 'User Name' and 'Password'. At the bottom are three buttons: 'Previous', 'Next', and 'Cancel'.

3. Click **Next** on the **SQL diagnostic manager Repository Credentials** window and your current registration details display.

The screenshot shows the 'Idera Dashboard - SQLdm Registration' window. The title bar is blue with the Idera logo. The main area has a red background with a gear icon and the Idera logo. The window is titled 'Register with an Installation of the Idera Dashboard'. Below the title, it says 'Register with an Installation of Idera Dashboard. You can register with either a local or remote installation of the Idera Dashboard.' There are five text boxes: 'Host Name' (set to 'CR-2K8R2'), 'Port' (set to '9292'), 'Service Account' (set to 'simpsons\administrator'), 'Password' (masked with dots), and 'Display Name' (set to 'sqldmeast'). At the bottom are three buttons: 'Previous', 'Next', and 'Cancel'.

4. Modify registration and Dashboard settings in the **Register with an Installation of the Idera Dashboard** window.

5. Click **Next** and the updated Dashboard settings information displays.

6. Click **Finish** to apply the changes.
