Software applications	.NET Framework 2.0

Supported Microsoft SQL Server versions

Each computer that hosts the SQL Server instances you want to manage must meet these recommended requirements.

Type	Requirement
Microsoft SQL Server Standard or Enterprise Edition	- SQL Server 2016 - SQL Server 2014 - SQL Server 2012 - SQL Server 2008 R2 - SQL Server 2008 - SQL Server 2005 SP1 or later - SQL Server 2000 SP4 or later

IDERA SQL Admin Toolset permission requirements

Some tools require administrative privileges on the managed SQL Server instance in order to perform the desired function. **If you receive an access error**, check whether your currently logged on Windows account or the configured authentication credentials belong to the sysadmin fixed role.

IDERA **SQL Admin Toolset** delivers 24 essential administration tools. [Learn more >>](#)
