

Sending notifications in the IDERA Dashboard

The Send Notification to All Users widget of the Administration view, allows users to send a product upgrade warning message to all users.

To send a notification

- 1. Select **Send Notification** in the Administration view, and the Send Notification to All Users window displays:

Send Notification to All Users
Add a warning message to notify all users about product upgrades.

Specify message to inform users

Send

- 2. Type your warning message and click **Send**.
- 3. A preview of your warning displays. If you want to proceed, click **OK**.

SQL **Diagnostic Manager** identifies and resolves SQL Server performance problems before they happen. [Learn more](#) > >
