- Availability to report cases and access a web-based customer portal for update status.
- Access to our [Resource Center](#) where you can find FAQs, How To's, Best Practices, and Webcasts.

This wiki includes the following Web browser minimum requirements:

- Internet Explorer 11.x+
- Microsoft Edge
- Mozilla Firefox
- Safari
- Google Chrome

SQL Secure supports the latest version of the browsers above and their three previous versions.

You can access the IDERA SQL Secure Help system through the **Help** icon on the top right section of your window or by pressing F1 on the section where you need more information.
