# Deploy Reports wizard - Summary tab

Review the provided summary, and then click **Finish**. When you finish the Deploy Reports wizard, IDERA SQL Compliance Manager installs the corresponding RDL files in the specified virtual directory on your Report Server.

If you want to change a setting now, click **Back** to return to the appropriate window. You can also change your deployment settings later through the Report Manager interface installed with Microsoft Reporting Services.

Deploy Reports	? ✕

Summary
Review the deployment configuration and select next to initiate deployment.
