

## Details View tab

SQL Compliance Manager is ONLY compatible with IDERA Dashboard version 4.6 and with limited support.

In the IDERA Dashboard Details view tab, users can select specific metrics to display. This tab contains product widgets of all the products registered with the IDERA Dashboard.

By default, the Details view tab contains the following widgets:

- Products by Alerts (All Products).
- Alerts by Category (All Products).
- Top Alerts by Metric (All Products).
- Alerts by Counts (All Products).
- Top Instances by Alert Count.
- Top Instances by CPU Usage.
- Top Databases by Alert Counts.
- Alert Counts by Category.

The screenshot displays the IDERA Dashboard interface. At the top, there's a navigation bar with 'Overview', 'Details View' (selected), 'Alerts', and 'Administration'. Below this, the 'INSTANCE DETAILS' section for 'WIN-N23BE3A8DSG' is shown. The dashboard contains five widgets:

- Products By Alerts | All Products:** A table with two rows: 'SQLCM(supercm)' and 'SQLCM(sqlcm-t1)', both showing '0 alerts'.
- Alerts By Category | All Products:** A box indicating 'No current alerts'.
- Top Alerts By Metric | All Products:** A table with columns 'Metric' and 'Occurrences', showing 'No current alerts'.
- Top Instances By Alert Counts | All Products:** A table with columns 'Instance' and 'Alert Count', showing 'No current alerts'.
- Alert Counts | All Products:** A green box indicating 'No Current Alerts'.

Each widget has a header with its title and a set of icons for expand, collapse, full size, and remove.

In the Details tab, you can perform the following actions:

- Expand or collapse a widget
- View a widget in full size
- Remove a widget
- Filter widget information.
