

Explore Activity - Audited SQL Servers View

The Explore Activity Audited SQL Servers view displays the status of audit activity across your SQL Server environment. Use Summary tab to view the statistics and graphs to quickly identify issues so you can continue to ensure the correct level of compliance in your environment. View in detail your previously generated alerts by selecting the respective alert tab.

The screenshot shows the IDERA SQL Compliance Manager application window. The title bar reads 'IDERA SQL Compliance Manager'. The menu bar includes 'File', 'Edit', 'View', 'Auditing', 'Alerting', 'Agent', 'Tools', and 'Help'. Below the menu bar is a toolbar with 'New', a folder icon, a magnifying glass, and a 'Launch Web Console' button.

The left sidebar is titled 'Explore Activity' and contains a tree view under 'Audited SQL Servers'. The tree shows a hierarchy: 'WIN-' (expanded) -> 'DATABASE-' (expanded) -> 'master', 'RDSTest', 'tempdb', 'test'. Below this, under 'NASH-', are 'ReportServerTempDB', 'SQLcompliance', 'SQLcompliance_WIN-', 'SQLcomplianceProcessing', 'tempdb', and 'TESTING'.

The main pane is titled 'Audited SQL Servers' and has four tabs: 'Summary' (selected), 'Event Alerts', 'Data Alerts', and 'Status Alerts'. The 'Summary' tab displays a 'System Status' section with a green checkmark and the text 'All servers are OK'. Below this is a table with the following data:

System Status	Value
Registered SQL Servers	1
Audited SQL Servers	1
Audited Databases	12
Processed Events	0

Below the table is a 'Recent Alerts' section with a list of alert levels and counts:

Alert Level	Count
Severe	0
High	0
Medium	0
Low	0

The right side of the main pane is titled 'Enterprise Activity Report Card'. It has a 'Logins' section with a list of activity types: 'Event Alerts', 'Logins', 'Logouts', 'Failed Logins', 'Security', 'DDL', 'Privileged User', and 'Overall Activity'. The 'Logins' section is expanded, showing a message: 'Logins is not currently audited for all servers.' Below this is a table titled 'Login Activity Per Server' with the following data:

Server	Max	Threshold
WIN-N	0/day	None

The bottom status bar features a green checkmark icon and the text 'SQL Compliance Manager™'.
