

# Plan reports

Planning reports allow you to plan for future needs based on current trends.

## Access the Reports view

SQL Diagnostic Manager provides two paths to access the Reports view. The first access path is by clicking **Reports** in the Navigation pane. The second access path is by clicking **Go > Reports**. The second path is the only option if you hide your Navigation pane in the SQL Diagnostic Manager Console.

## Available reports

### Disk Space Usage Forecast

Use the [Disk Space Usage Forecast](#) report to forecast disk space needs based on average historical growth rates.

### Database Growth Forecast

Use the [Database Growth Forecast](#) report to forecast future database growth based on historical trends.

### Table Growth Forecast

Use the [Table Growth Forecast](#) report to forecast future table growth based on historical trends.
