

What other actions can you perform from the Home tab?

Additionally, from the **Home** tab you can perform the following actions:

- **Add SQL Server instance** - click this option to register new instances. Go to [Adding SQL Server instances](#) to find more information about registering new instances.
- **Create Policy** - click this option to access the [Backup](#), [Restore](#), and [Log Shipping](#) Policy wizards.
- **Backup** - this option opens the Backup Wizard. Go to [Using the Backup Wizard](#) to know more about the steps for setting up backup operations.
- **Restore** - this option lets you choose among restoring: Database(s) or Object Level Recovery. Select the respective option and SQL Safe opens the [Restore Wizard](#).

Take into account that none of these options are available for **Guest** users.

Additionally, you can use the gear icon  on the upper section of the **Home** tab to access this Wiki or **Check for Updates**.

SQL **Safe** is a high-performance backup and recovery solution for your SQL Servers. [Learn more](#) > >
