

# Configure navigation order in the IDERA Dashboard

The **Configure Navigation Order** option of the Administration view allows you to modify the order in which the navigation tab displays the IDERA products.

Click the **Customize Main Navigation Tab Order** option and a dialog displays.

Drag and drop products to the desired order and click **Save**.

You can also modify the order of the products from the **Products** drop-down menu. Click **Customize** to enable the drag and drop feature. Select a product and release it in the desired position.

Click **Save** when you are done.

SQL Business Intelligence Manager identifies issues within the SQL BI environment to help optimize BI service performance. [Learn more >>](#)
