

Plan reports

Planning reports allow you to plan for future needs based on current trends.

Access the Reports view

SQL Diagnostic Manager provides two paths to access the Reports view. The first access path is by clicking **Reports** in the Navigation pane. The second access path is by clicking **Go > Reports**. The second path is the only option if you hide your Navigation pane in the SQL Diagnostic Manager Console.

Available reports

Disk Space Usage Forecast

Use the [Disk Space Usage Forecast](#) report to forecast disk space needs based on average historical growth rates.

Database Growth Forecast

Use the [Database Growth Forecast](#) report to forecast future database growth based on historical trends.

Table Growth Forecast

Use the [Table Growth Forecast](#) report to forecast future table growth based on historical trends.
