

# Use the baseline visualizer

The Baseline Visualizer of SQL Diagnostic Manager provides better visualization of the performance of your monitored SQL Server instance.

To access the Baseline Visualizer:

1. Click **Baseline Visualizer** in the Overview tab of a specific SQL Server instance.

2. In the Baseline Definition Visualizer window, select a metric and the number of weeks you wish data to be returned for the baseline definition.

SQL Diagnostic Manager identifies and resolves SQL Server performance problems before they happen. [Learn more > >](#)
