

Get disk information

The Disks tab of the Files view provides a graphical representation of your current disk usage. Select the drop-down list above the chart to choose from the following chart types:

- Megabytes
- Percent

 You must have [OS metrics enabled](#) to show the information in the charts on the Disks tab.

Access the Disks tab

To open the Disks tab of the SQL Diagnostic Manager Databases Files view, select the appropriate SQL Server instance, click **Databases**, select **Files**, and then click the **Disks** tab.

SQL [Diagnostic Manager](#) identifies and resolves SQL Server performance problems before they happen. [Learn more](#) > >
