Assign instances to user

The Select SQL Server window allows you to select the SQL Server instances to apply the permissions you set on the Specify User Permissions window. Select Server tags from the Tags drop-down list or choose New tag from the list. Select the SQL Server Instances you want the login to have permissions on and click **Add** button to move them to the Selected Servers column. Click **Next** to continue.

SQL Diagnostic Manager identifies and resolves SQL Server performance problems before they happen. Learn more > >
