

## Review policy summary

The **Completing SQL Secure New Policy Wizard** section lists all the details of the policy you are creating. Click **Finish** to add your policy to IDERA SQL Secure. Your new policy will now display in the Policies tree on the **Security Summary** view where you can see the assigned SQL Server instances and determine their compliance with your policy.

The screenshot shows a window titled "SQL Secure Create Policy" with a standard Windows title bar. The main content area is titled "Completing SQL Secure New Policy Wizard". On the left, there is a vertical progress bar with four segments; the top segment is orange, indicating the current step. Below the progress bar is a large gray plus sign over a globe icon. The main area displays the following details:

<b>Name</b>	: CIS for SQL Server 2000
<b>Description</b>	: Center for Internet Security - Benchmark for Microsoft SQL Server 2000, V 1.0, December, 2005
<b>Security Checks</b>	: 33 Configured 3 High Risk 3 Medium Risk 27 Low Risk
<b>SQL Servers</b>	: All SQL Server 2012 Instances
<b>Notes</b>	: Internal Review Notes added Title - CIS Interview Checks

At the bottom left, a message states: "To create this policy, click Finish". At the bottom right, there are four buttons: "< Back", "Finish" (highlighted with a blue border), "Cancel", and "Help".
