

Largest databases and longest backups in your environment

Below the **Alerts** section of the **Home** tab, you can view the following two bar graphs:

- **Top Databases by Size (MB)** - this graphic displays the top largest databases in your environment in MB.
- **Longest running backups by Database (minutes)** - this graphic displays the top longest running backups by database in your environment in minutes.

SQL **Safe** is a high-performance backup and recovery solution for your SQL Servers. [Learn more](#) > >
