

Installation instructions

This procedure guides you through a typical install of IDERA SQL Inventory Manager integrated with the IDERA Dashboard.

- The IDERA SQL Inventory Manager setup provides users the following components:
IDERA SQL Inventory Manager and IDERA Dashboard.
- For step by step instructions, see [Installing SQL Inventory Manager](#).
- For upgrading your installation to the latest version, see [Upgrade to this release](#).
- To register IDERA SQL Inventory Manager with a remote IDERA Dashboard, see [Installing using a remote Dashboard](#).
