

¿How to install the IDERA Dashboard and SQL BI Manager?

This procedure guides you through a typical installation of SQL BI Manager integrated with the IDERA Dashboard.

- The SQL BI Manager installation kit provides users with a unified installer for both products: IderaDashboard and SQLBI.
- IDERA recommends running the unified installer. See [install the IDERA Dashboard and SQL BI Manager](#) for detailed instructions.

 For a successful installation remember to meet all the [software](#) and [hardware](#) requirements.
