Upgrade to this release

You can easily and quickly upgrade to the latest version of SQL Admin Toolset. For more information about this release, see the Release Notes.

To upgrade SQL Admin Toolset to the most recent release:

1. Use an administrator account to log onto the target computer.
2. Start SQL toolbox.
3. Click the Updates tab.
4. Select **SQL Admin Toolset**, and then click **install**. SQL Toolbox silently installs the latest version.
5. Start the SQL Admin Toolset launch pad to access the tools you want to use.

SQL Admin Toolset delivers 24 essential administration tools. Learn more > >
