

Viewing alerts in the IDERA Dashboard

The IDERA Dashboard Alerts view displays any alerts generated by the monitored SQL Server instances in your environment. You can filter by:

- **Product.** Select one or more of your installed IDERA products to view generated alerts.
- **Category.** Add category filters to view alerts associated with a specific type.
- **Severity.** Select one or more severities to view alerts corresponding to those levels. Options include Critical, Warning, Info, and OK.
- **Metric.** Add metric filters to view alerts associated with a specific metric.

SQL Compliance Manager audits all activity on your server. [Learn more](#) > >
