## **Check the SQL Compliance Manager Agent status**

You can quickly check the status of a SQL Compliance Manager Agent that is deployed to a registered SQL Server instance you are auditing. This feature provides a summary of the agent health. For more detailed information to help troubleshoot an issue, see the agent properties.

## To check the SQL Compliance Manager Agent status:

- 1. Navigate to Registered SQL Servers in the Administration tree.
- 2. Select the SQL Server instance that hosts the SQL Compliance Manager Agent you want to check.
- 3. Click Check Agent Status on the Agent ribbon.
- 4. Review the status, and then click **OK**. To obtain more detailed information about the agent, review the agent properties. To refresh the status displayed in the Registered SQL Servers tab, click Refresh on the View menu.
