

Specify Addresses window

The Specify Addresses window allows you to specify who should receive an alert email notification. You can specify one or more email addresses for each rule.

Type the appropriate email address in the provided field, and then click **Add**.

The image shows a Windows-style dialog box titled "Specify Addresses" with a green checkmark icon on the left and a question mark icon on the right. The dialog contains two main sections. The first section is labeled "Specify an email address for each person to receive this alert:" and features a single-line text input field followed by an "Add" button. The second section is labeled "Use the following email addresses:" and features a multi-line list box followed by a "Remove" button. At the bottom of the dialog are "OK" and "Cancel" buttons.
