

Managing product registry in the IDERA Dashboard

The IDERA Dashboard hosts IDERA products that register with the dashboard. The Products widget of the Administration view allows users to view and manage registered products.

To edit or remove registered products, select **Manage Products** in the Administration view, and the Products window displays:

Products

Product	Version	Registered	Location	Credentials	
IderaDashboard	2.1.1.530	08/05/2015 04:04 PM	AO_NODE1	Admin	
SQLCM(sqlcm)	5.0.0.232	08/05/2015 04:05 PM	AO_NODE1;SQLcompliance	simpsons\administrator	

Tips

The Idera Dashboard hosts products that register with the dashboard. Typically this is handled at the time the product is installed or uninstalled. The Manage Products option lets you view and manage the list of registered products.

This screen lets you manage the credentials that the Idera Dashboard uses to connect to the registered products as well as manage the list of registered products.

Editing a product in the IDERA Dashboard

Clicking the Edit icon for an IDERA product allows you to edit the associated instance name, install location, user name and password for the account used to connect to the product, and the short or common name of the product. To edit a product, follow these steps:

1. In the list of products, click the **Edit** icon for the product you want to edit. IDERA Dashboard displays the edit Product Information dialog.

Edit Product Information

Product Name: SQLCM(sqlcm)

Instance Name: sqlcm

Version: 5.0.0.232

Registered: 08/05/2015 04:05 PM

Location: AO_NODE1;SQLcompliance

Connection User: simpsons\administrator

Connection Password: ••••••••

Short Name: SQLCM

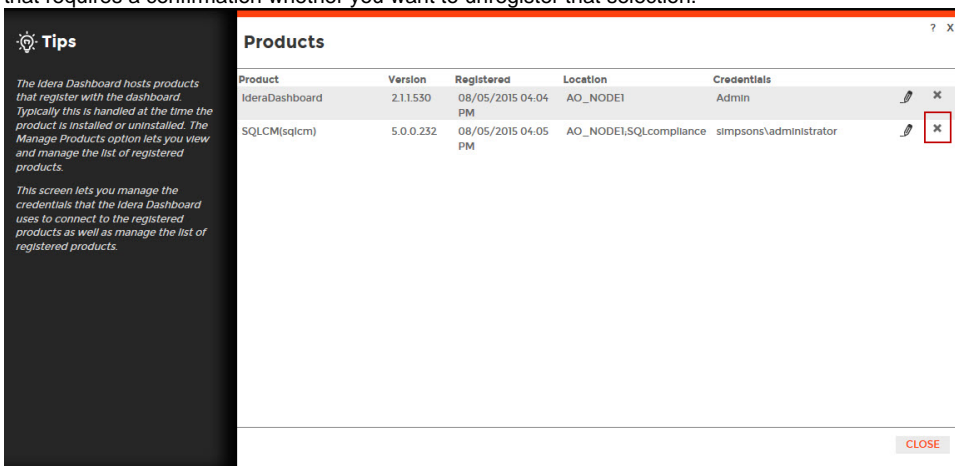

SAVE **CANCEL**

2. Make the necessary changes.
3. Click **SAVE**.

Removing a product from the IDERA Dashboard

Clicking the Delete icon for an IDERA product allows you to unregister that product. Use the following steps to delete a product.

1. In the list of products, click the **Delete** icon for the product that you want to unregister. IDERA Dashboard displays a warning message that requires a confirmation whether you want to unregister that selection.

2. Click **Yes**. IDERA Dashboard unregisters the product and users can no longer access that product. *If you did not mean to delete the selected account* , click **No**.
