Enable an alert

You can resume IDERA SQL Compliance Manager alerting on audit data or status by enabling the corresponding alert rule. By default, alerting is enabled when the Event or Status Alert rule is created.

To enable an alert:

1. Select **Alert Rules** in the **Administration** tree.
2. Select the rule you want to enable, and then click **Enable** on the **Rule Management** ribbon.

SQL Compliance Manager audits all activity on your server. **Learn more > >**
