

## New SQL Server Login wizard - Summary tab

The Summary tab of the New SQL Server Login wizard allows you to review the provided summary, and then click **Finish**. When you finish this wizard, IDERA SQL Compliance Manager creates a SQL Server login with the specified permissions on the SQL Server instance that hosts the Repository databases.

*If you want to change a setting now*, click **Back** to return to the appropriate window. You can also change login settings later using the Login Properties window.

**SQL Compliance Manager** audits all activity on your server. [Learn more > >](#)
