

# Viewing your Scheduled Tasks

SQL Enterprise Job Manager supports monitoring your Windows Scheduled Tasks.

In order to monitor tasks from a SQL Server instance, you must register the instance with SQL Enterprise Job Manager. For more information go to [Adding SQL Server Instances](#).

You can view your monitored tasks by going to the **Jobs** tab, and select **Tasks** from the drop down list available in the **View By** section.

Go to the following sections to view more detailed information about your monitored tasks:

- [Viewing information about your tasks](#)
- [Performing actions on your tasks](#)
- [Creating tasks](#)
