Viewing your Scheduled Tasks

SQL Enterprise Job Manager supports monitoring your Windows Scheduled Tasks.

In order to monitor tasks from a SQL Server instance, you must register the instance with SQL Enterprise Job Manager. For more information go to Adding SQL Server Instances.

You can view your monitored tasks by going to the **Jobs** tab, and select **Tasks** from the drop down list available in the **View By** section.

Go to the following sections to view more detailed information about your monitored tasks:

- Viewing information about your tasks
- Performing actions on your tasks
- Creating tasks
