

Review registration summary

Review the provided summary for the instance you are adding to IDERA SQL Secure, and then click **Finish**. If you want to change a setting now, click **Back** to return to the appropriate section. You can also change audit settings later using the [Audited SQL Server Properties](#) window.

When you finish this wizard, SQL Secure enables auditing on the selected SQL Server instance.

SQL Secure tells you who has access to what on your SQL Server databases. [Learn more >>](#)
