

Managing products in the IDERA Dashboard

The IDERA Dashboard hosts IDERA products that register with the dashboard. The Products widget of the Administration view, allows users to view and manage registered products.

To edit or remove registered products, select **Manage Products** in the Administration view, and the Products window displays:

The screenshot shows the IDERA Dashboard Administration view. On the left sidebar, the 'Manage Products' link is highlighted. The main area displays the 'Products' window, which contains a table of registered products. A red arrow points from the 'Manage Products' link to the 'Products' window.
