

# Administer SQL Compliance Manager

The **Administration** tab gives you easy access to manage IDERA SQL compliance Manager options such as users, licenses, and instances, which all must be added to SQL Compliance Manager if they are not already added.

The Administration tab allows users to Configure the Web Console refresh rate.

Users who want control of the Web Console refresh rate can manage the configuration using the Web Console Refresh Rate page. By default, the console refreshes every 30 seconds. The available range is between 30 and 3600 seconds.

To change the refresh rate, go to the **Administration** tab, and in the **Configuration** section, click **Web Console Refresh Rate**. Make the necessary change, and then click **Save**.

 The screenshot shows a modal dialog box titled 'Configure Web Console Refresh Rate' with a close button (X) in the top right corner. The dialog contains the text 'The minimum refresh rate is 30 seconds and the maximum refresh rate is 3600 seconds.' Below this text, there is a label 'New Refresh Rate:' followed by a text input field containing the number '30' and the unit 'sec'. At the bottom right of the dialog, there are two buttons: 'Save' and 'Close'.
