

Deploy Reports wizard - Summary tab

Review the provided summary, and then click **Finish**. When you finish the Deploy Reports wizard, IDERA SQL Compliance Manager installs the corresponding RDL files in the specified virtual directory on your Report Server.

If you want to change a setting now, click **Back** to return to the appropriate window. You can also change your deployment settings later through the Report Manager interface installed with Microsoft Reporting Services.

The screenshot shows the 'Deploy Reports' wizard window, specifically the 'Summary' tab. The window has a title bar with a green checkmark icon and the text 'Deploy Reports'. Below the title bar, there is a blue vertical bar on the left side with a funnel icon at the bottom. The main area of the window is white and contains the following text:

Summary
Review the deployment configuration and select next to initiate deployment.

Report Server:	WIN-N23
Port:	80
Use SSL:	False
Report Server Directory:	ReportServer
Report Manager Directory:	Reports
Repository Server:	WIN-N23
Repository Login:	IDERAINFODEV\
Target Folder:	SQLCompliance Manager 4.5 Reports
Overwrite Existing Reports:	False

At the bottom of the window, there are four buttons: '< Back', 'Next >' (highlighted with a blue border), 'Finish', and 'Cancel'.
