

Review details

The Summary tab of the Backup Policy wizard provides the summary of specified values and options you have selected in the Backup Policy wizard. After you review the information on the Summary tab, click **Finish** to create the policy and corresponding backup jobs.

If you want to create the policy but not the backup jobs, return to the General tab and select the **Monitor Only** action.

SQL **Safe** is a high-performance backup and recovery solution for your SQL Servers. [Learn more](#) > >
