

What information is available on the Home tab?

On the **Home** tab you can find the following information:

- [Alerts from your environment](#)
- [Summary information about your environment](#)
- [Largest databases and longest backups in your environment](#)
- [Managed Instances](#)
- [Additional options you can perform from the Home tab](#)

Go to each link to view more detailed information about each **Home** tab section.

SQL **Safe** is a high-performance backup and recovery solution for your SQL Servers. [Learn more](#) > >
