

Welcome to SQL Safe

SQL Safe saves money by reducing database backup time by up to 50% over native backups, reducing backup disk space requirements by up to 95%, and providing automated, 'hands-free,' multi-server backup management and monitoring.

Need help using SQL Safe? See the following sections:

- [Create a backup policy](#)
- [Create a log shipping policy](#)
- [Restore databases](#)

SQL **Safe** is a high-performance backup and recovery solution for your SQL Servers. [Learn more](#) > >
