

Managing Licenses

A license key is required to access all IDERA SQL Inventory Manager features. This license determines the number of SQL server instances that you can monitor.

View your license status, add, or buy a new license key using the Manage License action. To access this option, go to the **Administration** tab, and click **Manage License** on the **Licensing** section.

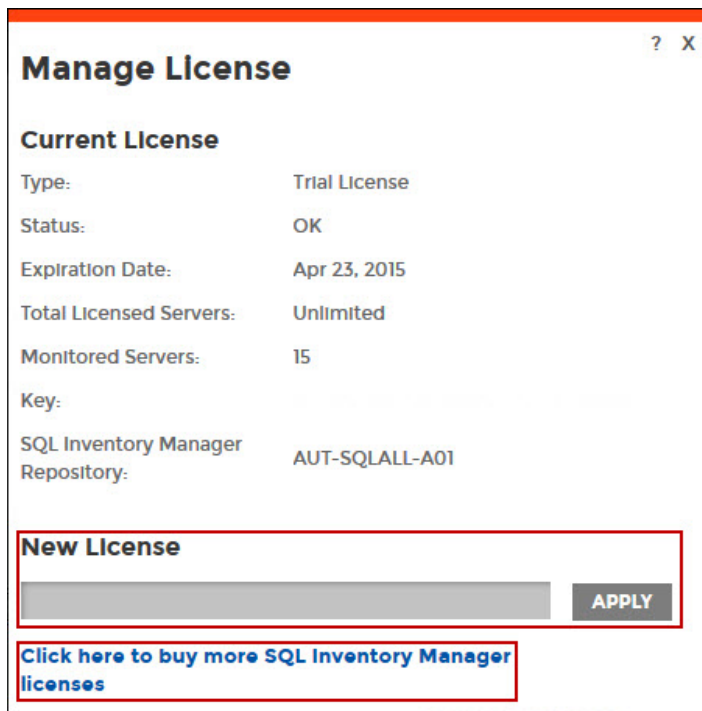

The screenshot shows the IDERA SQL Inventory Manager (IM) Administration interface. The top navigation bar includes 'DASHBOARD', 'SQLINVENTORYMANAGER(IM)', and 'ADMINISTRATION'. The 'ADMINISTRATION' tab is active, and the 'Licensing' section is highlighted with a red box. The 'Manage License' link is visible under the 'Licensing' section. Other sections like 'Users', 'Instances', 'Alert Emails', 'MS SQL Server Licensing - Core Factor Tables', 'Health Checks', 'Tags', and 'Discovery' are also visible.

SQL Inventory Manager opens a new window that displays information relevant to your current license such as type of license, status, expiration date, total licensed servers, license key, and SQL Inventory Manager repository.

If you want to add a new license key, type the key under the **New License** section, and click **Apply**.

If you need to buy another license, go to the [IDERA store](#).

The screenshot shows the 'Manage License' window. The 'Current License' section displays the following information:

Property	Value
Type:	Trial License
Status:	OK
Expiration Date:	Apr 23, 2015
Total Licensed Servers:	Unlimited
Monitored Servers:	15
Key:	AUT-SQLALL-A01

The 'New License' section is highlighted with a red box, showing a text input field and an 'APPLY' button. Below this, there is a link: [Click here to buy more SQL Inventory Manager licenses](#).

SQL Inventory Manager lets you discover and visualize your SQL Server environment. [Learn more](#) > >
