Activating a license

If you have acquired a license, you can quickly activate. Go to **Start** > **All Programs** > **IDERA** > **SQL Comparison Toolset** > **License Activation**. In the License Activation window, type or paste the license number you received, and then click **Activate License**. The license activate utility will connect to a web service running on our web servers that will validate the license you provided. Within a few seconds you should see a confirmation message indicating that the product was successfully upgraded.
